## PROJECTS

### Car Buy and Selling— [To visit this Website Click here](#) || [Source Code](#)

It's a React website with Node Js for providing Car selling services via online. It is also responsive for mobile devices. Here anyone can buy any car.

- A car management system website
- There is a dashboard for both admin and users.
- Admin can add cars and can update the status and users can order multiple cars and can cancel any order.

**Technology used:** HTML, CSS, Bootstrap, React.js, Node.js, Express.js, Firebase, MongoDB

### Online Restaurant— [Click here to visit](#) || [Source Code](#)

Create a platform Restaurant food and seat booking via online

- An authorized User can order
- Anyone can view restaurant's menu
- Restaurant's Admin can manage all food and Orders

**Technology used:** HTML, CSS, Bootstrap, React.js, Node.js, Express.js, Firebase, MongoDB

### Airline-Ticket— [A Website using PHP](#) || [Source Code](#)

It's a website with PHP for providing ticket services via online. Here anyone can buy any airline ticket.

- A ticket management system website
- There is a dashboard for both admin and users.
- Admin can add a plain schedule and can update the status and users can buy multiple tickets and can cancel any ticket.

**Technology used:** HTML, CSS, PHP, MySQL

An ecommerce website. I make it from Figma.

**Technology used:** HTML, CSS, Bootstrap, React.js, Node.js, Express.js, Firebase, MongoDB

### Weather Checker — [Click here to visit](#) || [Source Code](#)

Check any city weather using live API. Enter a city name and press search to check weather details.

**Technology used:** HTML, CSS, JavaScript

## SKILLS

### Problem Solving:

HackerRank ([nazmulrion](#))

CodeForces ([nazmulrion](#))

Comfortable: C, C++, HTML5, CSS, Bootstrap-5, JavaScript, React, React Router, React Hook, Node.js  
Database: MySQL, MongoDB, Firebase

Familiar: C#, Tailwind, Material UI

Tools: VS Code, Git, GitHub, Chrome Dev Tools, Netlify, Heroku, Photoshop

## More Front-End Project

Shoot-Magazine: [Live Link](#) || [Source Code](#)

Store Site: [Live Link](#) || [Source Code](#)

Live Healthy: [Live Link](#) || [Source Code](#)

## ACHIEVEMENTS

### React Basic from HackerRank

HackerRank

Credential ID: cba783d804fb

[See Credential](#)

### C++ For C Programmers

Coursera

Credential ID: D98HBRL9L4GJ

[See Credential](#)

### Introduction to Structured Query Language

Coursera

Credential ID: JFA4RGRAQSAL

[See Credential](#)

### Complete Web Development Course

Programming Hero

Credential ID: 61bdfafcf5118b71ade5a956

[See Credential](#)

## EDUCATION

### Bachelor of Science in Computer Science and Engineering

December 2022 | CGPA: 3.51/4.00

International Islamic University Chittagong  
Chattogram, Bangladesh

## EXTRACURRICULAR ACTIVITIES

### Assistant General Secretary

IIUC Computer Club

Nov 2021 – February 2023

Chattogram, Bangladesh
